The 1939 Bubbles

F O R E W O R D

Our College and we have suffered a great loss in the resignation of Mr. George J. Burnett as president of our college. However, his place has been adequately filled by President Jenkins. Therefore, our annual strikes the keynote of progressiveness for us and our institution, as we, the Senior Class of 1939, challenge the future for greater achievement.

The 1939 Bubbles

DEDICATION

This 1939 issue of BUBBLES is dedicated to a woman who, during more than thirty years, has made a place in the hearts of hundreds of Boiling Springs College students.

Miss Etta Curtis was connected with this institution from its beginning as a high school in 1906 to her retirement on account of ill health in 1936. Throughout these years she was a devoted friend to the institution and to every boy and girl connected with it.

Although we who have come to the college since 1936 did not know her personally, we have heard much of her devotion and her influence on the students. Her continuing interest in the institution is shown by the fact that, after the disastrous fire of 1937, she was the first person to contribute to a fund for the erection of a new building. May her example prove an inspiration to many more.

*The time has come for us to leave you,
But never let this parting grieve you.
The years have passed; we do the same;
The Seniors pass on; the Freshmen remain.*

*The glorious hours that we spent with each other
Must stop at this point; they cannot go further.
But our Alma Mater has been so dear
That we'll never forget this blessed year.*

*We leave with many a high ideal,
With vim and courage, pep and zeal.
Forward we go with these blessed things
Which lead us on from Boiling Springs.*

The 1939 Bubbles

SENIOR CLASS HISTORY

Time wielded in favor of a group of assiduous youth an interlocutory space of history, and decreed that the class of 1939 should, in 1937, take another step of their educational itinerary at Boiling Springs College.

When we had gathered ourselves together on the campus as Freshmen, from all sections of our sunny Southland, we were like most of those that have gone before us. As usual, there was enough raw material among us to keep the campus green until the Spring. In number we somewhat exceeded the former Freshman class, there being something like one hundred of us. After diligently ironing out our conflicts, and curing a few cases of old-fashioned homesickness, followed by a somewhat lengthy "rat court," we contented ourselves by conjugating French verbs, parsing English sentences, reviewing the events of the last nine centuries, along with the other accessories that go to make up a Freshman year in college. The year passed—nine lengthy months—and we entered the proud ranks of Seniors.

Without the slightest intention of laudation or boasting, it is expedient that I mention a few of the accomplishments of the class of '39. In every phase of the college activities the members of this unit have been in the front ranks. Whether in athletics, forensics, literature, or any branch of learning at Boiling Springs, worthy talents and ambitions have been found and tested during these two years, to be recognized as lasting traits of success and fruitfulness in life.

For two years we have welcomed our victorious debaters home with a champion each year. In football this year we broke the jinx and made ourselves a very creditable record, placing one player on the All-State team. Both basketball teams ended the season with a fine record, the girls' team being the undefeated champions of the Junior College Conference.

But now, with the goal of closing day of college life at Boiling Springs upon us, we review the past with intense vividness, touching memories and aching pleasures, which make us regret that this history must be written. Doubtless many of our number would like to live every day over again. Live every hour, albeit beset with gruelling tasks, mountains of endeavor that seem hard to climb, and currents of discouragement that seem impossible to breast; yet the final exit has been reached and now we step into the limelight of future education, willing to go forward, speaking in gentle whispers the greatness of the college we have learned to love; ready and anxious to give the world the best we have in us, and bring honor to our Alma Mater. The memorial we leave as a reminder of our sojourn here will always bring to our hearts tender memories of the love and gratitude we hold sacred and cherish daily for Boiling Springs, and the Christian men and women who compose her faculty. Whether success and triumph be the fruits of our labor, or failure and gloom encompass our efforts in the future, Boiling Springs will stand out to the class of 1939 as a guiding port—a haven of beauty and learning, a polishing temple dedicated to humanity by our forefathers, and held securely in its orbit of culture and greatness by our Creator.

PAUL HAMRICK, JR., *Historian*.

ATHENIAN - RHAMSAEUR LITERARY SOCIETY

The Athenian-Rhamsaeur Literary Society was organized when the college was a high school institution. It has been of great value in training students during its many years of existence. Training its members in many types of public speech, in usage of parliamentary law, and in working with others, the society has accomplished much. Interesting, enlightening programs are given each week and these have served to broaden the members of the society with a new understanding of the world in which they live. A membership in the society is a liberal education.

The first quarter, the President was Nelson Harrington. During the winter quarter the society was led by Margaret Tedder. Basil Dixon presided during the final quarter. These officers have very creditably served as leaders for one term each and have earned much merit.

KALAGATHIAN - KALLIERGEONIAN LITERARY SOCIETY

The Kalagathian-Kalliergeonian Literary Society since its foundation has made much progress but we feel that the work done in the society this year has far surpassed the accomplishments of preceding years. In debate, dramatics, literature, science, and other fields, many interesting and educational programs have been rendered.

The purpose of the society is to give the students a broader scope, to enable them to understand the world's culture, and to provide the intellectual entertainment. The programs rendered have been of such quality as to make the society an outstanding force on the campus.

The first quarter Luna Whitaker was President. Seth Washburn discharged the duties of this office during the winter quarter. In the last quarter Paul Hamrick, Jr., presided. Each performed his duty exceptionally well and all are worthy of commendation.

FOOTBALL

The Boiling Springs College football team experienced a very successful season this year, winning four out of its six conference games. This is a great accomplishment on the part of Coach Rice, in view of the fact that he had a very small squad of men to work with. One man, Newton Howle, was placed on the All-State first team and several others made the second team.

BASKETBALL

The basketball team, composed mostly of freshmen, did not make an outstanding record, although it did win over half its games. One man made the second All-State team and the team played well in the State Junior College tournament in Gastonia. Prospects are bright for next year's team.

GIRLS' ATHLETIC ASSOCIATION

GIRLS' ATHLETICS AT BOILING SPRINGS

The girls' basketball team won the fourth consecutive championship for Junior Colleges in this state. The forwards—Ashley, Kendrick, and Whisnant—led the scoring, McSwain following by a small margin. Much of the praise for the success is due to the guards—Jenkins, Price, Jones, Morehead and Ashley. During the four years of intercollegiate basketball the Boiling Springs team has been defeated only one time by a Junior College. The co-operation of the players could not have been surpassed.

The Girls' Athletic Association, divided into two groups, sponsors all events and programs put on in the Physical Education department. A point system stimulates and provides interest which also makes it possible for every girl in school to try for a monogram, letter, and sweater, by earning a certain number of points in each activity. There is a captain appointed for each sport; she is assisted by the group coaches, Nell Morehead and Buena Whisnant. Soft ball, volley ball, soccer, basketball, tennis, track and minor activities such as ping pong, horseshoe and croquet were carried on throughout the year.

Let's Go Modern—

IT'S REALLY CHEAPER

The progressive family that today is using electricity for refrigeration, for cooking and for water heating is not only enjoying the manifold advantages of these automatic home services, but they are actually saving more money. They are living better, more comfortably, without the drudgery, labor and worry that attend the old methods—they are actually LIVING BETTER for LESS.

It costs the average family less per day than the cost of a single loaf of bread to cook electrically. Automatic hot water service through an electric automatic water heater is available also to the average family for less than the price of a package of cigarettes per day.

The cost of electric refrigeration to the average family is little more than the cost of a package of chewing gum per day.

Electric refrigeration, electric ranges, electric water heaters—any of these appliances of the makes you are likely to desire may be had on terms to fit your budget.

**Easy to buy—inexpensive to operate—and yet they
bring indescribable comfort and freedom
from work and worry.**

You must be a sweet girl. You must be
just like me.

Love,

Dear roommate: here's your best friend talking
whenever you look upon this page remember
me and room 24. Ha! Life has been grand here
after all hasn't it on top of all the little wee,
things that happen. I never will forget our
laughs to-gether. It has been great to meet
and have a friend like you, you certainly
have been nice to me this year, may your
life continue to be a great success. When you
feel kindly blue just get this old memory
book down and think of the good old times
we use to have. I'm sure you'll make a
great success of your life if you keep pressing
forward. Write me and come to see me.
Don't forget I live in the neighboring state
South Carolina, Ha!

Love and lots o' luck to you.
